

Zimmer Biomet has a Form FDA 483 to resolve, and is putting together a team to work a \$20MM remediation project to prevent this from advancing to a Warning Letter. **Zimmer Biomet** (NYSE: **ZBH**) is a publicly traded medical device company. **Form FDA 483**, "Inspectional Observations," is a **form** used by the FDA to document and communicate concerns discovered during these inspections.

They are paying mid-40's per hour plus a per diem of \$24.95 per hour. The project is on-site in Warsaw, Indiana for at least the next year.
